SUMMARY

I am a Computer Science student @ the Technical University of Munich.
I am always trying to evolve and learn new things by working hard and seeking new challenges.
I am passionate about Programming, Technology, Science, Medicine and Space.

EDUCATION

Bachelor of Science in Computer Science
Minor in Medicine (Application Subject) · Technical University of Munich · Munich, DE · 2024

Medicine (not completed)
Universität des Saarlandes · Saarland, DE · 2021
· Successfully completed courses: Chemistry, Clinical Chemistry, Biology, Clinical Biology, Physics, Anatomy, Biochemistry, Histology, Physiology, Clinical Physiology, Medical Terminology, Psychology, Sociology and Clinical Medicine

Allgemeine Hochschulreife
Deutsche Schule Athen · Athens, GR · 2018 · 1.2

CERTIFICATIONS

CS50
Harvard University · 2023
· – Certified in the completion of the CS50 Course by Harvard University. Acquired knowledge in C, Python , Algorithms and Data Structures, SQL, HTML, CSS, Javascript and Flask

LOOPx: Lernen objekt-orientierter Programmierung
edX – TUMx · 2021
· – Certified in the basic knowledge of Object Oriented Programming

Learn Python 3
codecademy · 2020
· – Certified in the knowledge of the programming language Python 3

First Aid
Deutsches Rotes Kreuz e.V. | German Red Cross · 2020
· – Certified in first aid techniques

RELEVANT COURSEWORK

Fundamentals of Artificial Intelligence
Technical University of Munich · 2023 · Python, AI
· – Learned about intelligent agents, Search algorithms, Decision making, Logical agents, Learning, Bayesian networks, Markov models and more.

IT Security
Technical University of Munich · 2022 · Python, Teamwork
· – Learned the different levels and aspects of IT Security, including vulnerabilities and how to protect against their exploitation

Introduction to Software Engineering
Technical University of Munich · 2022 · Teamwork, Agile Software Development, UML, Scrum
· – Learned the full process of creating a project as a Software Engineer from planning to designing to implementing and presenting, as well as dealing with changes in the requirements.

Fundamentals of Algorithms and Data Structures
Technical University of Munich · 2022 · Java, Data Structures, Algorithms
· – Implemented and learned about different Data Structures and Algorithms

Fundamentals of Databases
Technical University of Munich · 2022 · SQL
· – Learned the different aspects of Databases and the SQL Language

Grundlagenpraktikum: Programmierung – Basic practical course: Programming
Technical University of Munich · 2021 · Java
· – Created solutions for small projects, ranging from beginner to advanced, written in Java

SKILLS

Programming: Java, C, C++, Python, MySQL, OCaml, Javascript/ Typescript, React, CSS, HTML, MatLab

General: Agile Methodologies, Scrum, UML, Git, LaTeX, Computer Architecture, Team work, Problem Solving, Communication

Languages: Greek, German, English, French(B2), Italian(A2)
